

SEPTEMBER NEWSLETTER

September Newsletter – Kids Update

Hi everyone,

Can you believe it is September already? We hope you enjoyed the summer holidays. I can imagine that there has been a mix of emotions about going back to school, but I do hope and pray that all our King's children settle well and quickly get used to school life again.

As you know, we hope to be opening up children's work on all our sites this term. This will be on different dates for different sites, so please do keep in touch with your sites to find out more information.

One thing we know is that we are really looking forward to welcoming the children back. Just so you know, our main focus initially will be to help the children settle back into church life. We plan to include a lot of play and give time and opportunity for the children to chat to one another and feel comfortable about being in church.

We will continue with our *Kids at Home* material each week. This will continue to be found on the website each week. The curriculum we will be following in King's Kids will mirror the *Kids at Home* material. Jumping Beans and Promiseland will follow their usual curriculum.

Family God Times

As we enter a new phase of church, I would like to encourage you to not lose some of the good habits many of us managed to create during the pandemic, one of these being putting time aside as a family to spend with God. In order to help you to continue to do this, we have provided **Family God Time** sheets that will share what will be covered in King's Kids each week and give you ideas of what you could do at home as a family. There are recommendations for Bibles, worship songs and craft activities.

This Term – The Fruit of the Spirit

We hope that you enjoyed our *Whatever is going...God is always there* series. Our series this month is looking at **The Fruit of the Spirit**. Each week we will be looking at how the Holy Spirit can help us to live the life Jesus has for us.

Parenting Seminar

We have a parenting seminar on **Tuesday 28 September** at 8pm on Zoom, which will focus on **Parenting for Faith**. We are sure you will all agree it's a really important area of family life, which can often be really tricky to grasp. If you are interested, please do come along. This will also act as an introduction to the parenting groups available from October. [Book here.](#)

In-Person Services

We look forward to welcoming back the children this term into our children's work. Please remember the timing of this is different for different sites. **You no longer need to book tickets from this Sunday**, you can simply show up. [Watch this video](#) from our Senior Pastor, Steve Tibbert for more on in-person services. Also, please do keep watching our [Kids at Home](#) videos online.
