

Fall again - C#

Luke Catley

VERSE 1

C# Bbm7
You're shining in the darkness bringing hope

G#
Reaching out to draw in from the cold
F#

Your light will come

You quench the thirst that burns within my soul
Claim the ground the sin in my life stole
Your rain will come

CHORUS (Same chords)

So holy fire fall again
Draw me close and let me know
There's love that calls and never ends
Grace that covers every wrong
My heart is in your hands

VERSE 2

Now, no matter where my wayward heart may roam
The shepherd of my soul will call me home
I'm in your care

BRIDGE

Bbm7 G#
Raise up these dry bones
F# G#
Come like a flood on desert plains
Bbm7 G#
Raise up these dry bones
F# G#
Speak to my soul breath life again
