

Whispers in the wilderness – F#

Rachel and Luke Catley

Chords for all sections: B C# D#m F#/A#

VERSE 1

Hide me, hide me,
In the shadow of your wing
In the tower of your name
Shield me, shield me,
From the terror of the night
When the arrows take their flight

CHORUS

Be still my soul
And know the Lord
Hear whispers in
The Wilderness

VERSE 2

Help me, heal me
As you call me to arise
And you breathe your life inside
Lead me, lead me
Through the valley and the storm
To the place your river flows

BRIDGE

I'm waiting for the change within
I'll glory in the suffering
With Christ by my side
This all will fade a new will come
And all my praise will still belong
To Christ enthroned on high
